Swift are the UK's leading trade supplier for eco-friendly bespoke wooden medals

Swift can design and produce bespoke wooden medals in any size, shape or thickness and have a variety of different materials to choose from, each adding a unique finish to your design.

Benefits of eco-friendly wooden medals:

- Reduce carbon footprint 
- Unique and desirable product 
- Designed and made in the UK 
- Sustainably sourced materials 
- Low set up cost and great value 
- Swift lead times and delivery 

Select A Material & Size

Choose from our selection of wood types **Birchply, Cherry, Walnut and Oak**.

Birchply is our most popular material used to create bespoke wooden medals. Birchply is the most economical and the lightest colour that we offer and therefore makes an excellent canvas for many designs.

Because Size Matters!

Choose from our range of medal sizes

A full breakdown of the thicknesses we offer are: **3mm, 4mm, 5mm and 6mm**

Medal Thickness

Our most popular thickness is **3mm to 5mm for a standard medals** however we produce bespoke medals all the way up to **6mm thickness** to add weight, quality and a special touch.

Medal Sizes

We also offer a range of different medal sizes to make your design stand out. Our smallest medal is **50mm** and we go all the way up to **120mm** depending on your requirements. Due to the laser manufacturing methods, size can be customised down to the millimeter.

If you would like a smaller or larger medal, these can be arranged.

Eco-Friendly Medals That Don't Cost The Earth!

Wooden Medal Price Guide

Bespoke Wooden Medals

All of our wooden medals are made custom to order and can be created with any size, shape and any thickness.

Designed & Manufactured in the UK

Create a bespoke wooden medal to suit your budget, speak with our team to today and we will provide a quotation based on your specific requirements.

After something a little larger?

Add some depth and weight to your bespoke wooden medals to make your medals extra special. Upgrade your bespoke wooden medal by adding weight and thickness. Add 35p per unit to increase thickness to 5mm.

Laser Etching File Service (only £40 per design)

This is a one off fee charged per design file, which involves checking your artwork files and digitally converting them a machine laser format.

We aim to beat any like for like quote!

With the bespoke nature of this product all quotes are design dependant.

VAT to be charged

Standard UK delivery to be charged.

Design / Artwork Service

If you do not already have your own artwork ready to go we are able to assist with many of your design and creative requirements.

What we can help you with:

- **Digital Artwork** – if you have a brand new concept that you want to make reality, we will work closely with you to discuss your vision in order to create a design that perfectly captures your brand and message.
- **Rebrand** – if your current brand artwork is in need of a revamp, our design team will help to create something for you that will stand the test of time.
- **Custom Product Mock-ups** – we can produce artwork that will accurately depict a product you are bringing to market, giving your customers a chance to see what you are working on and get their orders in early!
- **3D Marketing Visuals** – make your product come alive! We can turn a 2D concept into a 3D representation of the real thing.
- **Logo Re-draw** – If you don't currently have your logo in a vector format, it will need to be re-drawn so it can be used at a variety of scales without compromising on quality.

Prices:

We charge £30 per hour for the above services. Following the initial consultation, an approximation for the time required to realise your concept will be provided. We will always consult you if we feel we need more time before undertaking additional work.

Please note if you have your own artwork in vector format no artwork charges may be added. Speak to our creative team for a no obligation discovery call or share your brief with us via email today.

Timescales:

Our designers have over 10 years' experience and know what they're doing! We will always aim for a quick turnaround for our designs but our priority is to ensure quality and creativity. We will work closely with you, providing you with regular updates and giving you opportunity to provide feedback throughout the process meaning that you get a perfect design.

FAQs

Q. What size medals can you make?

A. All of our sports medals are 100% bespoke to order and Swift has no limits to producing incredible eco-friendly medals. Prices may vary for very intricate designs.

Q. What file types do you accept?

A. Ideally we need vector files: .AI .DXF or SVG with an indication of scale. Or send what you can to show your idea. We can also quote for artwork if required.

Q. How long do I have to wait for my medal?

A. Compared to traditional metal medals, the lead times are much faster!
Once your design has been agreed, and signed off your order can be with you in approx 2-3 weeks.

Q. Where are the wooden medals made?

A. Swift produce eco-friendly wooden medals designed and made right here in the UK.
Swift's office and workshop is based the heart of Lincolnshire, England.

Q. How much do they cost?

A. Wooden medals overall tend to be cheaper than traditional metal (Zinc Alloy) medals. This is because you save on expensive mould/set up costs. No high shipping costs from China. Prices are always design dependant. Fill in enquiry form on the back page of this document to receive accurate quote swiftly..

Q. Can these medals be personalised?

A. Because of the laser technique, we can personalise each medal for its recipient!
We can add names, distances or messages for only a small additional cost.

Q How does it work?

A. Our eco-friendly wooden medals are cut using a high powered laser. Usually wood would burn, but these lasers are so strong that the wood essentially evaporates, turning to smoke!

Q. Do you offer charity discounts?

A. Yes we love supporting local and national charities by offering discounts to all UK registered charities.
Please provide your charity number when your placing your order.

Swift Snoods - Printed Multi Functional Headwear

What Swift can offer:

Personalised sports snoods which are fully customisable with your colours, logo and branding.

Snoods can be worn in a multitude of ways, including as a head covering or head band. These are perfect for the colder months and are long enough to tuck into jackets and cover your mouth, nose and ears if desired. Fabric is breathable and light, whilst also providing protection from colder conditions and harsh sunlight.

Protects the wearer from:

- Particles
- Sun
- Insects
- Wind

Additional Information

Item measures 25cm x 50cm and is made from 100% Polyester Microfibre.

For each snood design there is a fixed dye set-up charge of £40. Larger quantities can be provided. Please contact us to discuss further discounts for higher volumes.

Delivery:

At present there is approx 3/4 week lead time for deliveries. If you are working to tighter deadlines, please feel free to contact us to discuss alternative options. The cost for delivery will depend on shipment method and will be provided during quote stage of your order.

Design Services

Our design services are available for our range of snoods enabling you to fully customise your order depending on your requirements, branding and design. Please see our 'Design Services' factsheet for more details and prices. If you already have your artwork, please submit it when you make your enquiry.

Boost Your Income!

Swift Snoods are a very popular product as they are a great way to boost your organisation's income. They make an ideal add to cart product for brands and charities.

Recommended retail price (R.R.P)
£8.00-£12.00.

Please Note

Please note: exchange rates were correct as of February 2021 and can be used as a guide only. Any fluctuations due to exchange rates will be detailed in writing in your final quote and confirmed before your order is placed. Cost for delivery will be added to your order once weight, quantity and priority of dispatch has been agreed. Any delays caused by customs, unforeseen circumstances such as acts of God or transfers to your local carrier/trade zone are not the responsibility of Swift Event Supplies. We are also not responsible for additional fees charged once your items have been dispatched, such as local custom duties or taxes, so please factor these in when placing your order.
